In the event of deficiencies being found in the assessment, the Institution shall be granted an opportunity to submit compliance within 30 days from the date of communication of deficiencies by the Council. Such an opportunity to comply with the deficiencies shall be availed by the Institute only twice. The Postgraduate Medical Education Committee on

finding the compliance satisfactory shall convey the recommendation to recognize the course. In all others cases, the prior permission of the Central Government granted under sub-clause (1) shall be deemed to have lapsed after four and three years for Postgraduate Degree/Postgraduate Diploma courses respectively. Further, in such cases; recommendation shall be made to the Central Government to include the qualifications in the First Schedule of the Indian Medical Council Act, 1956 only in respect of first four batches of Postgraduate Degree Courses and three batches of Postgraduate Diploma courses.

(3)

Failure to seek timely recognition as required in sub-clause 2 shall invariably result in stoppage of admission to the concerned Post Graduate course.

In the event of failure of the institute to seek recognition for existing Post Graduate courses, the Council may recommend to the Central Government for imposition of exemplary penalty which may extend to Rupees ten lakhs per seat of the postgraduate course; and/or stoppage of other postgraduate Medical courses of the Institution; and/or debar the Institution from making any application for starting or increase of seats in postgraduate courses for a specified period; and/or reducing the intake capacity in MBBS.]

4. The recognition so granted to a Post Graduate Course shall be for a maximum period of 5 years, upon which it shall have to be renewed.

5. The procedure for 'Renewal' of recognition shall be same as applicable for the Award of recognition.

6.

Failure to seek timely renewal of recognition as required in sub-clause-4 shall invariably result in stoppage of admissions to the concerned Post Graduate course.

7.

In a period of 5 years from the date of Letter of Permission the college should have all pre and para clinical Post Graduate Courses.

8.

The existing/new medical colleges should mandatorily have the department of Blood Bank with component of blood separation unit and Transfusion Medicine.]

7. Nomenclature of Postgraduate Courses.

- The nomenclature of postgraduate medical courses shall be as provided in the Schedule annexed to these Regulation :

[see regulation 11.2(c)]

Criteria to be fulfilled by institutions eligible to start postgraduate course(s) under sub-regulation (1A) of regulation 8, which are required to create their own facilities for setting up departments in basic medical sciences:

A. The basic subjects identified for the purpose of creation of facilities shall be:

(i)

Anatomy

(ii)

Physiology

(iii)

Pharmacology

(iv)

Community Medicine with Forensic Medicine being optional.

B. Staff requirements:

(1)

The minimum staff required in each of the departments of Anatomy, Physiology, Pharmacology and Community Medicine shall be:

1. Professor or Associate

Professor

One

2. Assistant Professor

Two

Provided that the department of Community Medicine shall also have:

(a)

Epidemiologist-cum-Lecturer

(b)

Statistician-cum-Lecturer

(c)

Health Educator-cum-Lecturer

Provided further that the person in charge of a Unit shall not be below the rank of Associate Professor.

(2)

The required strength of the teaching personnel shall be in proportion to the number of postgraduate courses started by the institution in a manner that the ultimate upper limit of the requirement shall be on a par with the requirement indicated in the Regulation of the Council titled 'Minimum Requirements for Establishment of Medical College for Annual Intake Capacity of 50'.

C. Infrastructural requirements:

(1)

The infrastructural requirements in terms of lecture theatres and demonstration rooms could be common.

(2)

The research laboratories shall be well-equipped so that the teachers in the departments concerned shall be able to work on solicited research projects.

(3)

Department of Anatomy: Apart from the common facilities, there shall be placed for dissection with adequate accommodation, along with an embalming room, cold room and also a museum:

Provided that Histology and Research laboratory may be clubbed together.

(4)

Department of Physiology: There shall be clinical, experimental and animal physiology laboratories along with a museum.

(5)

Department of Pharmacology: The facilities could be common except for research laboratory, which shall be separate.

(6)

Department of Community Medicine: There shall be a museum alongwith a well equipped Rural/Urban Health Centre with necessary staff.

(7)

[Animal experimentation should continue to be included as an integral part of the competency based curriculum of Postgraduate Courses in Physiology and Pharmacology in medical institutions and the concerned medical institutions shall ensure that all governing statutory regulations with regard to the use of animals experimentation in Postgraduate Courses in teaching and training of the said Postgraduate courses are strictly adhered to.]
