(2)

Where a product is subject to an ad valorem percentage criterion, the value of the packages and packing materials for retail sale shall be taken into account in its origin assessment, in case the packing is considered as forming a whole with products.

(3)

The containers and packing materials exclusively used for the transport of a product shall not be taken into account for determining the origin of the goods.

10.

Accessories, spare parts, tools and instructional or other information material.

- The origin of accessories, spare parts, tools and instructional or other information materials presented with the products shall not be taken into account in determining the origin of the products, provided that such accessories, spare parts, tools and instructional or other information materials are -

(a)

in accordance with the standard trade practices in the domestic market of the exporting party; and,

(b)

classified with the products at the time of assessment of customs duties by the importing party:

Provided that, if the products are subject to a qualifying AIFTA content requirement under these rules, the value of such accessories, spare parts tools and instructional or other information material shall be taken into account as originating or non-originating materials, as the case may be, in calculating the qualifying AIFTA content.

11.

Indirect Materials.

- For determining whether a product originates in a party, any indirect material such as power and fuel, plant and equipment, or machines and tools used to obtain such products shall be treated as originating whether such material originates in non-parties or not, and its value shall be the cost registered in the accounting records of the producer of the export goods.

12.

Identical and interchangeable materials.

- For the purpose of determining origin of a product, when it is manufactured utilising both originating and non-originating materials, mixed or physically combined, the origin of such materials can be determined by generally accepted accounting principles of stock control applicable or inventory management practised in the exporting party.

13.

Certificate of Origin.

- Any claim that a product shall be accepted as eligible for preferential tariff treatment shall be supported by a Certificate of Origin as per the specimen in the Attachment to the Operational Certification Procedures issued by a Government authority designated by the exporting party and notified to the other parties in accordance with the Operational Certification Procedures as set out in Annexure III annexed to these rules.

For the purpose of implementing the rules, the following Operational Certification Procedures on the issuance and verification of the AIFTA Certificate of Origin and the other related administrative matters shall be followed:

Authorities

1. The AIFTA Certificate of Origin shall be issued by the Government authorities (Issuing Authority) of the exporting party.

2. Each party shall provide 11 original sets of or through electronic means, specimen signatures and specimen of official seals used by their Issuing Authorities, including their names and addresses, through the ASEAN Secretariat for dissemination to the other parties. Any change in names, addresses, specimen signatures or official seals shall be promptly informed in the same manner or electronically.

3. For the purposes of determining originating status, the Issuing Authority shall have the right to call for any supporting documentary evidence or carry out any checks considered appropriate.

Applications

4. The exporter and/or the manufacturer of the products qualified for preferential tariff treatment shall apply in writing to the Issuing Authority of the exporting party requesting for the pre-exportation verification of the origin of the products. The result of the verification, subject to review periodically or when cover appropriate, shall be accepted as the supporting evidence in verifying the origin of the said products to be exported thereafter. The pre-exportation verification may not apply to products, the origin of which by their nature can be easily verified.

5. At the time of carrying out the formalities for exporting the products under preferential tariff treatment, the exporter or his authorised representative shall submit a written application for the AIFTA Certificate of Origin together with appropriate supporting documents proving that the products to be exported qualify for the issuance of an AIFTA Certificate of Origin.

6. Pre-Exportation Examination

(a)

The Issuing Authority shall, to the best of their competence and ability, carry out proper examination upon each application for the AIFTA Certificate of Origin to ensure that-

(i)

the application and the AIFTA Certificate of Origin are duly completed and signed by the authorised signatory;

(ii)

the origin of the product is in conformity with the Rules.

(iii)

other statements of the AIFTA Certificate of Origin correspond to supporting documentary evidence submitted; and

(iv)

description, quantity and weight of goods, marks and numbers on packages, and number and type of package, as specified, conform to the products to be exported.

(b)

Multiple items declared on a single invoice and single AIFTA Certificate of Origin shall be allowed, provided that each item qualifies separately in its own right.

7. Issuance of AIFTA Certificate of Origin

(a)

The AIFTA Certificate of Origin shall be in International Organisation for Standardisation (ISO) A4 size, and white paper in conformity with the specimen as in the Attachment to these Operational Certification Procedures. It shall be made in English. The AIFTA Certificate of Origin shall comprise one (1) original and three (3) copies. Each AIFTA Certificate of Origin shall bear a reference number as given separately by each place or office of issuance.

(b)

The original copy shall be forwarded, together with the triplicate, by the exporter to the importer. Only the original copy will be submitted by the importer to the Customs Authority at the port or place of importation. The duplicate shall be retained by the Issuing Authority in the exporting party. The triplicate shall be retained by the importer. The quadruplicate shall be retained by the exporter.

(c)

In cases where an AIFTA Certificate of Origin is not accepted by the Customs Authority of the importing party such AIFTA Certificate of Origin shall be marked accordingly in box 4 and the original AIFTA Certificate of Origin shall be returned to the Issuing Authority within a reasonable period but not to exceed two months. The Issuing Authority shall be duly notified of the grounds for the denial of preferential tariff treatment.

(d)

In cases where an AIFTA Certificate of Origin is not accepted, as stated in paragraph (c), the Issuing Authority shall provide detailed, exhaustive clarification addressing the grounds for the denial of preferential tariff treatment raised by the importing party. The Customs Authority of the importing party shall accept the AIFTA Certificate of Origin and grant the preferential tariff treatment if the clarification is found satisfactory.

8. To implement the provisions of rules 5 and 6 the AIFTA Certificate of Origin issued by the exporting party shall indicate the relevant rules and applicable percentage of AIFTA content in box 8.

9. No erasures or super impositions shall be allowed on the AIFTA Certificate of Origin. Any alteration shall be made by striking out the errors and making any required corrections. Such alterations and corrections shall be approved and certified by an official of the Issuing Authority authorised to sign the AIFTA Certificate of Origin. Unused spaces shall be crossed out to prevent any subsequent addition.

10. (a) The AIFTA Certificate of Origin shall be issued by the Issuing Authority of the exporting party at the time of exportation, or within three working days from the date of shipment whenever the products to be exported can be considered originating in that party within the meaning of these rules.

(b)

In exceptional cases where a AIFTA Certificate of Origin has not been issued at the time of exportation or within three working days from the date of shipment due to inadvertent errors or omissions or other valid causes, the AIFTA Certificate of Origin may be issued retroactively but no longer than twelve months from the date of shipment, bearing the words "Issued Retroactively".

11.

(a)

Notwithstanding anything in sub-paragraph (b) of paragraph 7, paragraph 13 and 14(b), the Issuing Authority of the intermediate party may issue a back-to-back AIFTA Certificate of Origin if an application is made by the exporter of that party while the product is passing through that party's territory provided that :

- (i)
a valid AIFTA Certificate of Origin from the original exporting party is presented only to the issuing Authority of the intermediate party.
- (ii)
the importer of the intermediate party and the exporter who applies for the back-to-back AIFTA Certificate of Origin in the intermediate party are the same;
- (iii)
validity of the back-to-back AIFTA Certificate of Origin shall have the same end-date as the original AIFTA Certificate of Origin;
- (iv)
the originating products re-exported could either be full or part of the original consignment;
- (v)
the consignment which is to be re-exported using the back-to-back AIFTA Certificate of Origin must not undergo any further processing in the intermediate party, except for repacking and logistics activities consistent with rule 8 of these rules.;
- (vi)
the product shall remain in the intermediate party's customs control, including its free trade zones and bonded areas approved by the customs. The product shall not enter into trade or consumption in the intermediate party;
- (vii)
information on the back-to-back AIFTA Certificate of Origin includes the name of the party which issued the original AIFTA Certificate of Origin, date of issuance and reference number; and
- (viii)
verification procedures as set out in paragraph 16 and 17 are applied.

(b)
The original exporting party, the intermediate party and the importing party shall cooperate in the process of verification. The copy of the AIFTA Certificate of Origin issued by the original exporting party shall be given to the Customs Authority of the importing party if it requests for the same during the process of verification.

12. In the event of theft, loss or destruction of an AIFTA Certificate of Origin, the exporter may apply in writing to the Issuing Authority which issued it for the certified true copy of the original and the triplicate to be made on the basis of the export documents in their possession bearing the endorsement of the words "Certified True Copy" (in lieu of the original certificate) in box 12. This copy shall bear the date of the original AIFTA Certificate of Origin. The certified true copy of an AIFTA Certificate of Origin shall be issued within the validity period of the original AIFTA Certificate of Origin and on condition that the exporter provides to the relevant Issuing Authority the quadruplicate copy.

- (d)
in all cases, the relevant Customs Authority in the importing party may accept such AIFTA Certificate of Origin provided that the products have been imported before the expiry of the validity of that AIFTA Certificate of Origin.

15.

(a)

Where the origin of a product is not in doubt, the discovery of minor discrepancies between the statements made in the AIFTA Certificate of Origin and those made in the documents submitted to the Customs Authority of the importing party for the purpose of carrying out the formalities for importing the products shall not invalidate the AIFTA Certificate of Origin, if it does in fact correspond to the said products.

(b)

For multiple items declared under the same AIFTA Certificate of Origin, a problem encountered with one of the items listed shall not affect or delay the granting of preferential tariff treatment and customs clearance of the remaining items listed in that AIFTA Certificate of Origin Sub-paragraph a (iii) of paragraph 16 may be applied to the problematic items.

Verification

16.

(a)

The importing party may request a retroactive check at random and/or when it has reasonable doubt as to the authenticity of the document or as to the accuracy of the information regarding the true origin of the good in question or of certain parts thereof. The Issuing Authority shall conduct a retroactive check on the producer/exporter's cost statement based on the current cost and prices within a six-month time frame prior to the date of exportation subject to the following procedures :

(ii)

the Issuing Authority shall respond to the request promptly and reply within three months after receipt of the request for retroactive check :

(iii)

In case of reasonable doubt as to the authenticity or accuracy of the document, the Customs Authority of the importing party may suspend provision of preferential tariff treatment while awaiting the result of verification. However, it may release the goods to the importer subject to any administrative measures deemed necessary, provided that they are not subject to import prohibition or restriction and there is no suspicion of fraud; and

(iv)

the retroactive check process, including the actual process and the determination of whether the subject good is originating or not, should be completed and the result communicated to the Issuing Authority within six months. While the process of the retroactive check is being undertaken, sub-paragraph (iii) shall be applied.

(b)

The Customs Authority of the importing party may request an importer for information or documents relating to the origin of imported good in accordance with its domestic laws and regulations before requesting the retroactive check pursuant to paragraph (a).

17.

(a) If the importing party is not satisfied with the outcome of the retroactive check, it may, under exceptional circumstances, request verification visits to the exporting party. Prior to conducting a verification visit-

(v)

the Issuing Authority receiving the notification may postpone the proposed verification visit and notify the importing party of such intention within fifteen days from the date of receipt of the notification. Notwithstanding any postponement, any verification visit shall be carried out within sixty days from the date of such receipt, or for such longer period as the parties may agree.

(b)

The importing party conducting the verification visit shall provide the producer/exporter whose goods are subject to the verification and the relevant Issuing Authority with a written determination of whether that goods qualify as originating goods.

(c)

The determination of whether the goods qualify as originating goods shall be notified to the producer/exporter, and the relevant Issuing Authority. Any suspended preferential tariff treatment shall be reinstated upon a determination that the goods qualify as originating goods.

(d)

If the goods are determined to be non-originating, the producer/exporter shall be given thirty days from the date of receipt of the written determination to provide any written comments or additional information regarding the eligibility of the goods for preferential tariff treatment. If the goods are still found to be non-originating, the final written determination issued by the importing party shall be communicated to the Issuing Authority within thirty days from the date of receipt of the comments/additional information from the producer/exporter.
