Order

1.

In the letter third read above, the Director of Teacher Education Research and Training has stated that the Private Teacher Training Institutes in the State who have obtained recognition from the Southern Regional Committee, National Council for Teacher Education, Bangalore send proposals through the Principal of the District Institutes of Education and Training concerned to the Director of Teacher Education Research and Training seeking approval to the Staff List of those Institutions. On examining these proposals, it is noted that certain persons appointed in a particular Teacher Training Institute are included in the staff list of another Teacher Training Institute also. Therefore, whenever such instances of a person who is shown in the approved, staff list is found in the staff list seeking approval in respect of another Institute, such staff list proposals are returned to the Institutes stating that one person cannot simultaneously work in, two Institutes. Besides, there are also a large number of instances wherein bogus experience certificates are produced by the Institutes with an ulterior motive of getting approval for the staff list. In the absence of counter-signature by the departmental officers concerned, the experience certificates are not accepted for want of genuineness. When the proposals for staff lists are returned for the above reasons, such orders are challenged before the Hon'ble High Court. The Hon'ble High Court in many cases has -pointed, but that as no guidelines prescribing the procedure have been issued by Government, returning the proposal pointing out the above nature of deficiency is not sustainable. The Director of Teacher Education Research and Training has also stated that in the above context, it has become necessary to frame certain guidelines governing the procedures for grant of approval for the staff list by the Director of Teacher Education Research and Training. Further, he has also stated that in respect of colleges offering B.Ed., and M.Ed., courses after getting recognition from NCTE, the Universities concerned in Tamil Nadu are granting affiliation to such colleges, only after which the colleges concerned are entitled to make admission of students.

2.

The Director of Teacher Education, Research and Training has therefore requested that Government may contemplate empowering the DTERT to grant Affiliation to the recognised Self-Financing Private Teacher Training Institutes by laying down certain norms therefor.
